

## All Hydraulic Mini Heavy Duty Trencher

### DESCRIPTION

#### **Model: 912HM**

The innovative new 912 self-propelled trencher is perfect for the landscape contractor or homeowner with smaller trenching applications such as sprinkler systems.

Like all Barreto equipment, the 912 uses all-hydraulic power for superior reliability and less maintenance.

Barreto's revolutionary new pivot system keeps the pivot bushing out of the dirt. In addition, the 912 has a hydraulically operated boom and digging chain, and freewheeling hubs on both sides.
